ANTWERP FALLS UNDER ASSAULTS

City Surrendered to Germans at Nine o'Clock This Morning.

TWO-THIRDS WRECKED

Main Belgian Army Escapes, Having Evacuated Doomed City Yesterday —Notre Dame Damaged.

The Hague Oct., 10—Antwerp was surrendered to the Germans at 9 o'clock this morning. The white flag was hoisted on the tower of the Cathedral of Notre Dame and almost at once the German artillery fire which had poured into the city was stopped.

Burgomaster De Vos, accompanied by Alderman Louis Franck, went to the Berschem gate. There they met General Von Veseler, commanding the German besieging forces, and made unconditional surrender of the city.

Berlin, Oct., 10—Complete occupation of the city of Antwerp by the German forces was announced in the folowing statement issud bf th war office today.

"Antwerp is in our possesion. We have had control of the city since yesterday afternoon. A few forts remain in possession of the Belgians, but our occupation of the city itself is complete."

Two-thirds of the city is wrecked by the tremendous fire of shells which German batteries poured on it buildings.

The statement declares that the fact that some of the forts are still in the possession of the city's defenders will "not prejudice Germans in their occupation of the city."

London, Oct., 10—Confirmation of the escape of the main Belgian army from Antwerp before its surrender was contained in an official press bureau announcement today. It was stated the army evacuated Antwerp yesterday.

The great cathedral of Notre Dame built in the fourteenth century and renowned as one of the most wonderful examples of Gothic architecture now extant has been seriously damaged by the bombardment. The Belgian defenders had mounted rapid firers on the towers of the building, despite the German warning that if the structure was used for military purposes it would be shelled.

AIR-MAN FALLS 600 FEET.

H. M. Reinhart Escapes at Lynchburg with Only Minor Injuries

Lynchburg, Va., Oct. 10—H. M. Reinhart lost control of his Wright biplane here yesterday and fell 600 feet to the ground escaping with a fractured hip.

For probably 500 feet the machine turned and tumbled and when at an altitude of 100 feet it righted itself although inverted, and gradually settled to the ground in a cemetery several hundred yards from the place of ascent. Reinhart was pulled out of the inverted machine and hurried to a hospital. Besides the fractured hip he suffered a scalp wound and other minor hurts.

With thousands of people witnessing the flight, Reinhart, after being in the air 10 minutes and reaching an altitude of about 2,000 feet, started to volplane to the starting place in the fair grounds. He shut off his motor and when the plane started down too vertically he attempted to right it and in doing so smashed the tail. This caused it to plunge and the plane turned over and over.

Mrs. Reinhart, a bride of 10 days was quickly at her husband's side and he reassured her before he was hurried away to the hospital. Reinhart has been an air-man three years and was formerly an instructor in the Wright aviation school at Dayton, Ohio.

Funeral services for Thomas H. Morton, who was killed at the Potomac yards Thursday morning was held this afternoon from Wheatley's undertaking establishment.

NEWS OF THE DAY

A Reuter dispatch from Toulon says that the French torpedoboats the 238 and the 247 collided Friday morning off the Isles of Porquerelles, in the Mediterranean, and sank. The crews of both vessels were saved but salvage of the craft will be impossible.

The British admiralty announced last night that naval airmen had made a succesful attack on the German airship shed at Dusseldorf. A bomb, dropped through the roof of the shed, destroyed a Zeppelin. The flames that resulted were observed by the airmen rising to a height of 500 feet. A simultaneous raid is believed to have been made on the Zeppelin base at Cologne, but of this no details have been given out.

The $1,000,000 gymnasium of Columbia Univresity, New York, including trophies won in many athletic contest, went up in a spectacular volcano of flame early yesterday morning. Havemeyer Hall and Schermerhorn Hall, two of the great modern laboratory buildings of the University, the fraternity houses, dormitories, and even Barnard College turned out their students, many of the young women students being in scant attire.

The war against Great Britain, according to German newspapers received in London, will commence at end of October, after Antwrep has fallen. Belgium then will become the base of operations against Great Britain, the newspapers say. They add that Admiral von Tirpitz, the minister of the navy, who is now at general headquarters with Emperor William, has announced that he will go aboard the flagship of the German fleet and direct the operations of the navy.

A general strike of the buildings trades began in Buffalo, N. Y., yesterday at out 3,000 men laying down their tools. The strike, union officials said, was in retaliation for the lockout of 80 union iron-workers employed on school buildings. No question of wages is involved, the men demanding only recognition of the unions by the Builders' Exchange and its members.

Two robbers kidnapped Charles Ashworth a wealthy Polk county, Iowa, farmer yesterday within a few steps of the main street of Valley Junction, a suburb of Des Moines. It is believed they are holding him for ransom. The bandits stopped Ashworth and Ed. Wagner, a business man in an alley near Wagner's place of business and demanded $10,000 from Wagner and $1,000 from Ashworth. Wagner broke away after he had been robbed of his jewelry and money, but the bandits forced Ashworth to enter a waiting automobile and drove off.

In revenge for his arrest and imprisonment on a charge of extortion, Benjamin Fein, otherwise known as "Dopey Benny," and successor of "Big Jack" Zelig, gang leader, alleged to have made a confession to members of District Attorney Whitman's staff in New York which he declares he and his gang have been for years past hired as "sluggers" in labor troubles on the East Side. Fein, it is said, has turned over to the prosecutor a dairy in which he noted the names of his employers, the "jobs" he did for them, and the compensation received. His confession will be presented to the grand jury and is expected to be made the basis of indictments.

IN MEMORIAM.

In sad but loving remembrance of my dear mother, MARY F. BUTLER, who departed this life eleven years ago today, October 11th, 1903.

Eleven long years with all their changes
Since death cruelly bade us part,
Cannot take mother from my memory
Nor her image from my heart.

No more shall I see her form loved and dear.
No more shall her voice my troubled heart cheer
But hope sweetly whispers in accent of love.
I shall meet my dear mother in Heaven above.

COST $227,614.40 TO RUN ALEXANDRIA

Receipts From All Sources Slightly Less Than This Amount.

AMOUNTS EXPENDED.

One Fourth of Disbursements on Streets, Nearly $50,000 Having Been Devoted to This Purpose.

It cost $227,616.40 to run the city of Alexandria last year according to the report of E. F. Price, city auditor which has just been published. The receipts were slightly less then this amount, $50,000 having been borrowed during the year and $44,714.99 having been repaid in temporary loans.

The salaries of city officials was $8,670 but this does not represent one third of the amount received by the head of the municipal government, many of the officials receiving the greater part of their compensation in fees. The police force cost the city $14,106.82, this sum being paid to the chief, three sergeants and 15 privates. Interest on coupon bonds was $29,612 and $8,000 went into the sinking fund to retire bonds.

The expenses of the corporation court during the year was $3,391.26 but this does not cover all of the expense of this department, one half of the salary of Judge Barley being paid by the state and additional compensation to the court attendants coming from fees. The expenses of the circuit court were $432.67, representing about one third of the expenses of the court, the balance being paid by the state and other counties in the circuit. The city jail cost the city $340.05, the chain gang $1,055.55 and legal expenses $421.25. Expenses of the city council were $1,933.97 and of the station house $562.44.

The expenses of the city offices were small. The auditor spent $63.25 for miscellaneous supplies, the treasurer, $36.55, the tax collector $8, the city engineer $144.92, the comisioner of revenue $77.90, the mayor $17.20, and the health office $129.60.

The fire department cost the city $8,487.59, the expense being divided among the three companies as follows: Reliance Engine Co., $3,777.26; Columbia Engine Co. $3,396.62; Relief Hook and Ladder Co. $1,318.71. Caring for the poor of the city entailed an expense of nearly $5,000. $2,668.50 of this sum was used to maintain the poor house, $632.23 went to outdoor poor and the associated charities received $1,500. In addition to these sums $500 was given to the Alexandria Hospital and $150 to the childrens home.

The bill of the Alexandria Lighting Co. for furnishing electric lights to the city was $7,038.62 and the Alexandria Gazette charged $431.20 for printing and advertising.

One of the largest of the expense acounts was for cleaning the streets, $12,199.23 having been spent for this work.

Other items of the city's expense were as follows: repairs to public property, $858.77; coronor inquest $41.00; dog licenses $28.50; election expenses $386.92; ground rent $100; mayor's commissions $615.39; public schools $19,600; pumps and repairing $106.98 city licenses $601.75; Alexandria kindergarten, $150; annexation expenses $1,200; Washington birthday association $250.

One fourth of the total expenditures of the city were for streets, nearly $55,000 having been spent during the past year for this item.

VIEW OF GERMAN TACTICS.

Kaiser's Men Skilled in Advancing Under Cover.

London, Oct. 10—The official press bureau gives an eye-witness narrative of operations in France, supplementing that made public on October 3. It follows:

There are many points connected with the fighting methods of either side that may be of interest. The following description was given by a battalion commander, who has been at the front since the commencement of hostilities and has fought both in the open and behind entrenchments. It must, however, be borne in mind that it only represents the experiences of a particular unit, it deals with the tactics of the enemy's infantry:

The important points to watch are the heads of valleys and ravines and woods, especially those on the sides of hollow ground and all dead ground to the front and flank. The German officers are skilled in leading troops forward under cover in closed bodies, but once the latter are deployed and there is no longer the direct, personal leadership the men will not face heavy fire. Some times the advance is made in a series of lines, with the men well opened out at intervals of five or six places; at others it is made in lines with the men almost shoulder to shoulder. But it is followed in all cases by supports in close formation. The latter either waver when the front line is checked or crowd on to it in moving forward under the orders of their officers, and the mass forms a magnificent target.

Prisoners have described the fire of our troops as pinning them to the ground, and this is certainly borne out by their actions.

When the Germans are not heavily intrenched no great losses are incurred in advancing against them by methods in which the British Army has been instructed. For instance, in one attack over fairly open ground against about an equal force of infantry sheltered in a sunken road and in ditches, we lost only 10 men killed and 60 wounded while over 400 of the enemy surrendered. After some men had been killed each side had the support of a battery of artillery, but the fight for superiority of infantry fire took place at a range of about 700 yards and lasted only half an hour. At this time the Germans were wavering, some of them put up white flags, but others went on firing and our men continued to do the same. Eventually a large number of white flags improvised from handkerchiefs pieces of shirt, white biscuit bags, etc., were exhibited all along the line and many of the men hoisted their helmets on their rifles.

341,000 Bushls of Corn Shipped This Week—1,493,000 Bushels Exported Since July 1st of This Year.

New York, Oct., 10—Shipments of wheat and flour from the United States and Canada last week aggregated 8,127,251 bushels, compared with 6,148,948 bushels in the same week a year ago.

From July 1 to date total exports have been 104,114,000 bushels against 79,441,000 bushels in the same period a year ago. The excess over a year ago has been accomplished largely in the last few weeks, the week before this one showing the largest foreign shipment in the experience of the country.

Corn shipments during the week were 341,000 bushels compared with 217,000 in the preceding week. This week's shipment were the largest in almost a year and a half. A year ago only 27,000 bushels were exported. From July 1 the total shipments were 1,493,000 bushels, compared with 922,00 bushels a year ago.

WIFE ACCUSES PASTOR.

Mrs. J. Edward Snyder Files Cross Bill for Divorce.

Baltimore, Oct 10—The Rev. J. Edward Snyder, a Methodist Episcopal clergyman of Ellicott City, is charged by his wife, Mrs. Mary Snyder, with attempting to force her to sign a paper admitting wrongdoing of which she was innocent, and with misconducting himself so as to entitle her to an absolute divorce on statutory grounds.

The charges of Mrs. Snyder are contained in her answer filed in the Circuit Court yesterday to a divorce bill previously filed by her husband and in a cross-bill for absolute divorce.

Mr. Snyder's bill was brief. It stated that he was married June 18, 1907 and that he lived with his wife until July 22, last. They have one child, Donald, 4 years old. The minister asked for an absolute divorce on statutory grounds.

The answer of Mrs. Snyder is a voluminous document, in which she denies her husband's charges and makes counter-accusations, a married woman and a colored girl being mentioned without giving their names. The married woman, it is stated in the cross-bill, was a member of her husband's church, and it is declared that Mrs. Snyder was about to leave him because of the alleged scandal when he influenced her to stay by saying she would ruin his professional reputation if she went.

Last June the climax came, according to the answer, when Mr. Snyder secreted a number of men in his house and made charges against his wife in connection with one of them, whom he kept in the house for a week. At the time, she says, she was recovering from a serious operation and was in a highly nervous condition.

A few days afterward, Mrs. Snyder says, she went with her child to her father's house. Her husband had ill treated her and had locked her in a room, she charges, and after she saw the men in the house and her husband made charges against her she feared for her life.

She asks an absolute divorce and the custody of her child.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria—Happenings in Society.

Several weddings of interest to Virginians have taken place during the past week. Tuesday evening Miss Nellie Wheeler Robertson, daughter of Captain and Mrs. Frank Smith Robertson, of "The Meadows," near Abingdon, Va., became the bride of Dr. James Coleman Motley, resident surgeon of the Abingdon Hospital, at one of the prettiest home weddings that have taken place lately in Virginia social circles. The service was performed by Rev. Jennings Wise Hobson, of St. Thomas' Church, Abingdon. The house guests included Mrs. Willoughby A. Reade, of Episcopal High School, Alexandria, sister of the bride.

The marriage of Miss Harriett Gatewood, daughter of Medical Director and Mrs. James Duncan Gatewood, U. S. N., took place Wednesday evening to Dr. Henry E. Jenkins, U. S .N., at the home of the bride's parents in Nineteenth street. The Gatewoods, it will be remembered, were former residents of Alexandria, and Mrs. Jenkins, with her sister, Miss Hildreth Gatewood, has often been a guest of the Alexandria German Club.

Mrs. James Sidney Douglass has returned from a months' visit to friends and relatives in Warrenton and the vicinity.

Mrs. Charles Smoot, III, of North Carolina, is visiting her parents, Mr. and Mrs. George Uhler, in north Washington street.

Miss Nellie Pierpoint returned today from a trip to Richmond, Va.

Miss Mary Glenn Uhler has issued invitations to a tea in honor of Miss Frances Danenhower whose approaching marriage has been announced to Mr. John Paul. The reception will on next Tuesday, October 13th, at the residence of Miss Uhler.

Mrs. Martha Henry who has been ill for the past three weeks, is improving.

Miss Annie Tyler has returned from a visit in Danville, Va.

Mrs. Emma Rudd had a stroke of paralysis la[st] week.

Mrs. Moo[re], Miss Moore, Mrs. Pi[ser] and Roy, have returned from New York.

Mr. William Latham, Jr., is visiting in Fredericksburg, Va.

ST. MARY'S ART EXHIBIT.

Quality of Work at St. Mary's Highly Creditable.

The decorative china exhibit at St. Mary's Academy this week is a highly creditable one. The quality of the work shown even more than the quantity proved a pleasant surprise to many who visited the exhibit. It is evident that St. Mary's teachers in decorative art, like those in the other branches taught, are fully " Abreast of the times."

It would be an endless task to describe in detail the numerous pieces displayed. There are magnificent vases, punch bowls, tea sets, toilet sets, plates and pitchers of various shapes and sizes, all exquisitely designed and decorated. Mrs. N. Brill's vases (beleek), were among the most admired. Three of these were especially attractive; one in rich red poppies, and two others decorated respectively in red and yellow rose designs. Miss Ella Hill's punch bowl is exquisitely rich in white and purple grapes and a vase (beleek) ornamented with an yellow rose design bespeaks Miss Hill's artistic talent. Miss Ewald's work is varied and shows marked improvement. Among her collection are a celery tray in sweet peas, a cream and sugar in wild rose design and a complete toilet set designed in dainty blues. This latter has already provoked a deal of favorable comment. Miss Lillian Hill also has a fine display, including a magnificent punch bowl, a claret pitcher in red and white cherries, a vase in pink and yellow chrysanthemums and many smaller pieces.

Miss Nannie Nevitt's tea set in pink is a prime favorite of the collection. Miss Nevitt had also a pitcher exquisitely designed in red cherries, besides many smaller pieces.

On the whole, St. Mary's present art class bids fair to set high standards for decorative art in our city.

DISCOURSE ON DRY BONE

Evangelist Starke Will Speak in the Methodist Protestant Church Tomorrow Morning and Nigth

Lee Starke, who is conducting the revival at the Methodist Protestant Church, drew another large and enthusiastic crowd last night to hear his talk on 'Neglect." It was full of truths which seemed to appeal to his auditors. The evangelist is a good story teller and a vein of humor permeates his addresses and adds to the pleasure of hearing him. It is unusual to attempt to hold a religious service on Saturday night, and yet the evangelist has called for a mass meeting of all Christian workers to meet him at the M. P. Church tonight at 8 o'clock, and it is expected that the church will be filled when the hour for service arrives. All Christians are invited to this service, and are urged to take part in the after service.

Sunday morning Mr. Starke will take as the subject for his address, "The Dry Bones of Alexandria," and at 7:30 his subject will be "The Way of Faith." At this latter service the Trinity M. E. Church, and the M. E. Church South, will attend the Methodist Protestant Church in a body, their churches having no evening service in order that all may hear the evangelist's address.

Monday night, the evangelist will take as his subject, "Who is Your Sweetheart?" This lecture sermon, as well as all of the services next week, will be held in Trinity M. E. Church, and the following week in the M. E. Church South. Everyone is cordially invited to these meetings, and especially to the Sunday morning service at the Methodist Protestant Church to hear the talk on the "Dry Bones of Alexandria."

FOOTBALL TO-MORROW

V. A. C. And Regents of Washington Will be Contestants.

The Va. A. C. who recently organized their football team will play the first game of the season at the Alex. Baseball Park tomorrow. Their opponents will be the strong Regent A. C., of Washington D. C. who have been out practicing for the past three weeks and claim to be in good shape to play their best game.

The Va. A. C. has been working out three times a week on signals and the boys are in pretty good shape to put up a good game.

The line up of the Va. A. C. has not as yet been decided upon, but the public can rest easy that the best men will make up a strong team.

The Va. A. C. wishes to hear from all teams in Va. or the District of Columbia and vicinity, who average not over 140 pounds.

FAIRFAX COUNTY FAIR.

Vice President Marshall And Hon. C. C. Carlin Will Attend Next Thursday.

On Thursday next, October 15th, Vice President Marshall and Hon. C. C. Carlin, Representative in Congress from this District will attend the Fairfax County Fair. They will arrive on the grounds at 2 o'clock. Mr. Marshall will deliver an address on the occasion. A troop of cavalry will attend Thursday.

CARDINALS AND WHITE SOX.

The Cardinal Athletic Club baseball team will play another game of the city championship with the White Sox tomorrow at three p. m. at the Ball Park. The contests so far have been very close and hard-fought, and tomorrow's game will likely prove no exception to the rule.

BIDS FOR HIGH SCHOOL

Committees on Public Property and Schools Open Proposals at Meeting Last Night.

The joint committee on public property and schools met last night in the office of the City Engineer and opened bids for the erection of the proposed new high school building on the north west corner of Cameron and West streets; also for plumbing, heating and ventilating the same. The bids for the construction of the building were as follows:

Richardson-Burgess Company, $43.300.
Joseph Rodgers, $43,457.
J. D. Knight, $43,669.97.
Page Construction Company, $47,750.
Melton Construction Company, $42,800.
W. F. Hanback, $43,848.
Arthur L. Smith, $43,100.
Michael A. Weller $43,317.
Wise Granite and Construction Co., $48,640.
George E. Wyne $44,900.
R. P. Whitty $48,840.
Andrew Murray $45,941.

The following were the bids for plumbing:
R. P. Whitty $2,004.
J. C. Gates $1,366.

The following were the bids for heating and ventilation:
R. P. Whitty $4,940.
American Heating and Ventilating Company $3,296.
S. J. Gregory $3,900.

The committee made no awards, nor will they for some time as the bids were far in excess of the amount fixed upon for the new structure.

RIXEY IN SUPREME COURT ..

Banker' Lawyers to Oppose Sending Him to Hospital for Insane.

Protesting against his confinement in a hospital for insane criminal attorneys for C. J. Rixey, the bank president of this city, indicted in 1911 for grand larceny in connection with financial difficulties of his bank, will seek to show the Supreme Court next week that the Virginia insanity laws are unconstitutional.

Rixey was held to be insane by a commission before his trial, and sent to the Western State Hospital at Staunton, Va. When his case was called for trial the court directed his confinement at the State hospital at Marion Va., when a vacancy should occur. Rixey's son has been fighting as "next friend" to prevent the carrying out of this order.

Attorney General Pollard, of Virginia, filed with the court yesterday an outline of arguments he will submit in support of the law. He claims no stigma would attach to Rixey's confinement in the Marion hospital because the purpose thereof was "proper care and observation," and not criminal punishment.

DOG LAW ADOPTED.

Fairfax Supervisors Vote to Put it in Force in That County.

The Fairfax County Board of Supervisors at their meeting this week adopted the new dog law passed by the last General Assembly, which makes it the duty of every owner of a dog to keep it at home except when accompanied by the owner. The law was passed as a protection to the sheep industry, which suffers greatly from the depredation of dogs.

The Board let contracts for the construction of bridges over Dead Run, on the road leading from McLean to Ball's Hill, and over Castle Branch, near Clifton Station, to Morris Fox.

MEN AND BOYS MEET.

A meeting of men and boys over fourteen years of age, took place last night in the Westminster Building of the Second Presbyterian Church, when, addresses were made by Rev. James H. Taylor and H. S Omohundro, both of Washington.

ALEX. COUNTY LIGHTING CO

STARTED A PANIC.

Excitement Reigned at Robinson Circus for Few Moments.

Roanoke, Va. Oct. 10—What had all the appearance, for a few minutes of a well developed panic occured Monday afternoon at the matinee performance of Robinson's circus, when during a heavy rain and hailstorm, a frightened spectator yelled out, "the poles are falling, run!" The audience, which filled the tent to capacity, immediately started on a run for the entrances. Quiet was restored by attaches. of the circus, who assured the people there was no danger.

Water had collected in a sag in the "big top" and the canvas split with a roar, which added to the excitement.

No one was seriously injured.

DEPRESSION IN VIENNA.

Men of All Professions Clamor in Employment.

London, Oct., 10—The Standard correspondent, telegraphing from Basel, says:

"The constant check of the Austrian army and the ceaseless rolling of the tide of Russian onslaught, culminating in the capitulation of Lemburg, have shaken the belief, hopes and ambitions of the Viennese.

"Thousands of educated men, who from age or unfitness are not in the fighting line, have joined the army of the workless. Lawyers, actors, bankers, authors, politicians, architects, and painters are all idly parading the streets of the moaning capital.

"This enervating moral oppression of the multitudes of Vienna is thus deplored by the celebrated writer, Grossmenn:

" 'Work, give us work. Unemployment will drive us mad. Give us hard eighteen hours-per-day work after which we can fall off to sleep like tops.'

"The owner of a large mill who received an order from the army for a supply of 2,000 wagons of bread says that a loaf of bread will soon be sold in Vienna for 5 crowns."

CONVICTS REFUSE TO WORK.

Half of Chain Gang Throw Down Their Tools.

Elizabeth City, N. C. Oct. 10—Half of the convicts of the Pasquotank county chain gang, the element composed of the most desperate negro criminals in the State mutinied Thursday and demanded that the shackless should be removed from their legs and that guards should put away their guns. Upon their demands being refused, they revolted, threw down their tools and refused to work. They were placed in the county jail and they say they will stay there until the next term of court.

There has been much trouble with the convicts during the past three weeks, during which time they have been in a state of insubordination and have been kept in the county jail. The convicts say that they will not work and the officials are forbidden to inflict corporal punishment.

CAUSE OF GERMAN RETREAT

Captain Coleman Says Lack of Food And Ammunition.

New York, Oct., 10—Among the 1,477 passengers who arrived on the Lusitania from Liverpool yesterday were Henry Breckinridge, Assistant Secretary of war, and 20 officers of the United States army who went to Europe shortly after the outbreak of hostilities on the cruiser Tennessee to assist Americans out of the war zone.

One of the returning officers, Capt. LeVert Coleman, was quoted by the New York City News Association as saying that he was with the right wing of the allied armies at the battle of the Marne and that there were 5,000,000 men engaged in the battle.

"The German retreat was due to lack of food supplies and ammunition, he is quoted as saying: "The German will never again get as near to Paris as they have been. The French artillery as I observed it, was superior to that of the Germans; but the German cavalry was better than that of the French.

"Every Frenchman knows that he is fighting for the existence of his country and he fights fair.

"I have in my possession a speech the kaiser delivered in 1910, in which he said that the next war would be war to the death and in which he ordered his men not to accept or give quarter and to take no prisoners. I am told that the speech was repeated by the kaiser at the outbreak of this war."

Capt. Coleman was said to have characterized as wonderful the bayonet charges of the French troops at the battle of the Marne.

Capt. Coleman was further quoted as saying that his observations and information obtained from soldiers of the allied armies led to the conclusion that the so-called German atrocities were the result of orders from high German military authorities and not the work of individuals.

"Following the retreat of the army of Gen. Von Kluck the Uhlans returned to the field," Capt. Coleman is quoted as saying. "They turned their machine guns upon the wounded, lying everywhere, killing them almost to a man. Many trod upon other wounded men, who if they groaned, were shot without pity."

600 WOUNDED DROWN.

Train Plunges Through Bridge Across the Marne

Paris, Oct. 10.—(by mail to New York.)—When a train carrying wounded and German prisoners from Meaux to Paris plunged through a weakened bridge across the Marne on September 20, there is every reason to believe that nearly 600 wounded men were drowned.

The utmost secrecy has surrounded the affair. Nothing more awful has happened in the European war than this accident.

REPORTS TWO PLANS.

One Provides a State Central Body and the Other Embodies Principle of Segregation.

Richmond, Oct. 10—In compliance with the act of the Legislature, two plans of taxations will be reported by the Committee on Tax Revision.

One provides for a State Tax Commission, consisting of three members to be appointed by the Governor, subject to confirmation by the Legislature, and to receive a salary of $4,000 each, with an annual appropriation of $25,000 for expenses (including salaries). This commission will be vested with authority to supervise the administration of the assessment and tax laws of the State; to exercise general supervision over assessors and commissioners; to investigate the assessments and collection of taxes, and to correct the same, etc.

The segregation plan provides for an ex-officio State Board of Taxation composed of the Governor, the Auditor of Public Accounts and the chairman of the State Corporation Commission. It segregates for purposes of State revenue certain subjects which will yield about $6,400,000 annually. It provides that the difference between the revenue thus raised and the amount necessary for governmental purposes shall be apportioned among the counties and cities of the Commonwealth by said State Board of Taxation in proportion to their taxable values, the draft to be made upon the counties and cities as units and not raised by an ad valorum tax on the property of individuals.

The plan segregates for State purposes the tax on intangible property and the tax on the rolling stock of railroads. The latter has, by recent act of the General Assembly, been taken in large measure from the cities in which the roads operate. The counties have not yet benefited by that change. It releases to the counties and cities, for local purposes, the tax of 35 cents on the $100 valuation of real estate and tangible personal property, amounting in the aggregate to something over $2,300,000. It also releases to them the railroad trackage tax.

It is estimated that the draft upon the local subdivisions will not be much, if any, more in the aggregate than one-third the tax thus released to the counties, and that the tax rate in a great many localities can be materially reduced if they do not care to retain the surplus and use it for local purposes. The plan contemplates that there shall be as little interference as possible with local control of local affairs, and that the State, being no longer dependent upon local assessments for its revenue, there will no longer be any incentive to underassess, and that each community would aim at fair assessments and low tax rates as offering the best inducements to investors.

ANNUAL MEETING.

Notice is hereby given that the annual meeting of stockholders of the Washington Safe Deposit Company, Incorporated, will be held at the office of the Company, No. 123 South Royal street, Alexandria, Virginia, on Tuesday, November 3rd, 1914, at 12 o'clock noon, for the purpose of electing a Board of Directors for the ensuing year and for the transaction of such other business as may properly come before said meeting.

10-td ERSKINE GORDON, Secty.

Two hundred preachers who have asembled at Wessington Springs, S. Dak., for the South Dakota Methodist conference are seriously ill from poisoning which followed their hearty indulgence in chicken which had been delicately prepared by the ladies of the church. It has developed, since they took sick, that the fowls were all of the cold storage variety. The attending physicians diagnosed the trouble as ptomaine poisoning at once. They state that all the ministers will probably recover.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

KING ALBERT IN THE FIELD

Belgian Ruler Personally Inspires His Troops.

London, Oct., 10—The fierce resistance of Antwerp defenders on the Scheldt was partly inspired by the presence of King Albert himself, says the Ghent correspondent of the Chronicle. The repeated German attacks at the line of defense proved futile and the German retirements were attended with considerable losses.

"King Albert retains command of his troops," the dispatch says, "and in continually in the field directing operations, an example almost galvanic in its effect to his brave forces.

"It must be remembered that the whole of this country is covered by villages and hamlets, and I hope I may not again see scenes similar to what then occurred. These poor peasants hold on to their homes to the last moment and when the end comes there is confusion.

A correspondent of the Post at Antwerp, in describing the events leading up to the present situation at Antwerp, says:

"About a month ago the German commanders began to realize the danger of having the Belgian Army occupying a fortified position which continually threatened the Germans lines of communication. The Germans threw out feelers to ascertain if Belgium would agree to keep her army in Antwerp in return for the German promise not to attack the town.

"The Belgians indignantly rejected all such proposals and replied by gallant sorties which, however, failed of complete success. The taking of Alost renewed the German conviction of the necessity for an aggressive campaign against the Belgians, which began after further German proposals for an agreement were rejected by the Belgians."

MUCH FOR WHICH TO BE THANKFUL.

Tomorrow will be Sunday school day in Alexandria, when rally day services will beheld in one church in the morning and a grand turnout of the scholars of most of the Sunday schools will take place in the afternoon. The schools will be known by the colors they will bear, and upon reaching the stand at Cameron and Washington streets these tints will be so arranged as to form all the colors of the rainbow. The exercises at the stand will be inspiring, and should the weather prove auspicious many persons, not members of Sunday schools, will be present.

While these ceremonies incident to peace in our land will be in progress thousands of Belgian and French children will be nestled close to distracted parents whose homes have been destroyed by the sad fate of war. With the skies for their canopy, great multitudes hungry and cold, are now looking up to their natural protectors and providers, who have exhausted thei rall in attmpts to minister to those dependent upon them.

While the hues of the rainbow set in the skies as a reminder to the race of the vengeance of high heaven at a time when "violence filled the earth" will be gladdening the hearts of young and old in our quiet city, blackened ruins and devastated fields will be the dismal picture presented to other human beings, conditions brought about through no fault of their own.

Special prayers went up last Sunday all over the United States in thanksgiving for our many blessings and that the cruel war now darkening the world would be brought to a speedy close. Our little ones, safe and happy and worshipping God under their own vines and fig-trees should be suggestive of similar outpourings tomorrow.

BUSINESS IS IMPROVING.

Business conditions everywhere are improving, according to reports reaching President Wilson, and Democratic speakers are to be instructed to dwell on this fact during the fall campaign in answer to the expected charges by Republicans and Progressives that the new tariff has brought financial disaster.

The President was informed many orders for American goods were being received from abroad, and that the first bad effects of the European war on American industry had passed.

As a part of the Democratic campaign the President probably will issue a statement when he signs the Clayton Anti-Trust Bill, now before him, calling attention to the completion of the program of trust legislation started with the passage of the Trade Commission Bill.

Mr. Wilson has decided also to accept an invitation to speak in Pittsburgh, October 24, on the seventieth anniversary of the founding of the Y. M. C. A. While he will not make invitation of Representative Palmer a policitcal speech he will go at the candidate for senator, and his appearance is planned to assist Mr. Palmer.

Administration leaders have outlined their general plan for the fall campaign, to be formally inaugurated from the Democratic standpoint with President Wilson's letter to Majority Leader Underwood praising the record of Congress.

The plan includes carefully prepared speeches to be made in various parts of the country by members of the cabinet and Senate and House leaders, some of whom already are in the field. A number of important meetings not yet scheduled are being quietly aranged.

The President has practically completed the Underwood letter. Whether there will be other letters will depend on the progress made by Democratic campaigners in various states.

The campaign itinerary of Secretary of Labor Wilson, as announced includes a speech in Williamsport, Pa., October 13, a trip through Indiana, West Virginia, and Maryland from October 13 to October 26, and a trip through Pennsylvania from October 26 to October 29.

OUTLOOK FOR OYSTERS.

Good Administration in the Past and a Wise Continuance of Policies

Norfolk, Va. Oct., 10—The report of the new commission of fisheries for the twelve months ending October 1, should be very encouraging to the oyster people. While not yet ready to give out the expenditures, Commissioner Pattersons states that the total collections amount to about $85,400. This joint collection of the old and the new commissioners is next to the largest in the history of oyster administration.

From the several reports it will be found that seven years ago, just as the "polluted oyster" scare struck our people, oyster finances under the old commission were advancing rapidly, and reached the $100,000 mark The succeeding year they fell back to $77,000, and have ranged along in the seventy thousand since. During the past few years there has been every indication that the Virginia oyster has struggled from under the ban that scientists sought to put upon it, and is again coming into its own. This is supported by the fact that a greater number of tongers were licensed at the beginning of this season and are on the rocks today than for a number of years.

Highwaymen Shoot Jeweler.

Three armed highwaymen entered the jewelry store of Joseph Saresky on Broadway in Brooklyn, yesterday afternoon, tied his hands, beat and clubbed him and swept a lot of watches and jewelry from his shelves into a bag. As they fled Saresky made an outcry. One of them turned and shot the jeweler twice. Saresky was taken in a dying condition to a hospital. Two highwaymen pursued by a crowd of hundreds, made their escape with the booty by means of an automobile waiting a block away. The third, with the pistol still in his hand, was overpowered.

A TWICE-TOLD TALE

One of Interest to Our Readers

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of an Alexandria man is confirmed after several years.

J. T. Langley, 513 Queen street, Alexandria, says: "I had a bad back and I think the trouble was caused by a strain. I could not stoop and when I got up in the morning, I could hardly move. I noticed sediment in the kidney secretions. The many good reports I heard of Doan's Kidney Pills led me to get a box at Leadbeater & Son's Drug Store. They fixed me up in fine shape. During the past few years since Doan's Kidney Pills cured me of kidney complaint, I have had no trouble. I confirm the praise I have previously given this remedy."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Langley had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Deianoid Treatment

AN ENTIRELY NEW DISCOVERY IN MEDICAL SCIENCE

THE MOST POWERFUL AND EFFICIENT PROCESS OF CURE EVER KNOWN

Positively and rapidly removes all forms of disease from body. Within four hours after beginning this treatment any form of disease, in any part of the body, loosens its hold and begins to leave the organs and tissues forever In three days a large amount of poisons and disease are eradicated followed by great and immediate improvement in health.

Operates by producing the most powerful transudation Process ever known. Patients become enthusiastic and more than satisfied. Rapidly clears the body of disease; even the most malignant, chronic, and deep seated conditions soon yield.

The General says:

If your dealer offers you an unknown brand of roofing, ask him who stands behind it and whether the manufacturer is a responsible concern. If he doesn't know, or if he refuses to give you the information, you are justified in buying elsewhere. Dealers who handle

Certain-teed

Quality Cert-ified Roofing Durability Guaran-teed

—do not hesitate to say who makes it. In fact, one of their strongest arguments is to tell their customers that we are the manufacturers of *Certain-teed* Roofing.

Certain-teed Roofing is guaranteed 5 years for 1-ply, 10 years for 2-ply, and 15 years for 3-ply, and we stand behind this guarantee with the biggest roofing and building paper mills in the world.

PUBLICITY

Sure Cure for Corporate Diseases.

The startling disclosures of corporate mismanagement in the last ten years have brought about a general feeling that publicity of corporation affairs is both necessary and desirable for the future well-being of all corporations. This publicity may be affected in many ways and should give the public as well as the stockholders such information as will eliminate all possible chance for corruption and mismanagement.

In the past, managers of some corporations have operated their business in a more or less arrogant fashion, persistently refusing to make their acts known to the public or even to their stockholders. In most instances if those operations had been made public at the time, many of the ills from which they are now suffering would not have occurred, and millions of dollars of investment would have been saved.

The effect of corporate mismanagement is greatly magnified, however, when its discovery comes too late by governmental investigation. Generally speaking, if the facts were voluntarily made public, or if they were made known through established methods of publicity, in the regular course of business, the mismanagement of the corporation would never occur or it could be remedied immediately and the bad effect of it would be comparatively small.

And so it is with many houses of business in the field of commerce and manufacture. They are afraid of publicity—afraid to have their factories examined and to let purchasers verify statements or facts concerning the goods. The only conclusion to be reached in such case is that the manufacturer has something to conceal, which, if discovered, would not bear out his assertions.

Publicity in relation to all business matters is the best cure for their evils, just as light and air kill the germs of disease.

Consult your local dealer. He will be glad to give you detailed information about our complete line of goods, and will quote you reasonable prices. Be sure goods are made and guaranteed by us.

Why Not Publish It?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru Ind., was troubled with belching sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

COUNTRY LAID IN RUINS.

Nothing Allowed to Stop Progress of German Army Through Belgium.

Antwerp, via London, Oct. 10.—The Germans on Saturday spent 16 hours in a terrific artillery duel in an effort to ford the Nethe. The Belgians held their grounds magnificently and with great sacrifice prevented the Germans from crossing.

The Germans were evidently unwilling to lose men in an assault and decided to widen the breach in the fortifications by bombarding the forts between the Rivers Senn and Scheldt, which were unable to hold out against the steady downpour of shells.

Thus the first line of Antwerp's defenses was destroyed.

For the final attack the Germans are hurrying 200,000 men to the scene of battle from Aix-la-Chapelle via Brussels. The Germans are boring a hole through the Belgian resitance like the boring of a tunnel through a mountain, in which progress no mercy is shown. Whatever interferes—villages, churches, schools and factories—is wiped out with steady precision.

The road from Brussels to Antwerp is one line of blackened ruins. Some of the towns, including Termonde, have been completely erased. The population fled before a prairie fire. An endless procession of peasants and shopkeepers, young old and invalids, with their chattles loaded in hand carts an dantiquated wagons and followed by countless children, dumbly pursuing their parents and driving bellowing cattle, are slowly moving in the direction of Antwerp's Cathedral tower. They have difficulty in avoiding the numerous military trains of guns, wagons and automobiles rushing to the front, and occasionally they have to make way for ambulances hastening toward the city with men wounded in the fighting.

PRAISE U. S. RED CROSS.

Work Will Never Be Forgotten, Says English Baron at Front.

Bordeaux, Oct. 10.—The splendid service rendered by the American Red Cross workers will never be forgotten, according to Baron Murray, of Elibank, the former chief Liberal whip who has arrived here after visiting the Anglo-French lines on the Aisne.

"I had opportunities of seeing what the Red Cross workers from America are doing both at the front and in the admirably organized hospitals at Paris and elsewhere." he said, "I cannot speak too highly of the skill and devotion shown by the physicians, nurses and voluntary workers. My admiration and gratitude is shared by all Englishmen."

NEGRO IN DANGER.

12 Year Old Girl Relates Story Which Results in a Near Lynching.

Salisbury, N. C. Oct. 10—The Post learns of an affair near Albermarle early this week that stirred that entire community. The facts as far as could be gathered are as follows.:

A 12 year old daughter of Mr. Travis Coggins, a well-to-do farmer living three miles from Albermarle on the Albermarle-Baden public road was alone in the field some distance from the house when a negro man approached and grabbed her. The report is that he accomplished his purpose and made his escape. He was afterward caught and placed in jail at Albermarle and when there were signs of trouble brewing the sheriff spirited the prisoner away but not many minutes before a mob gathered marched to the jail. Here the members were addressed by leading citizens and asked to let the law take its course, and assured them that he was not in the prison. They would not believe and a delegation from the mob was taken through the jail in order to satisfy them. Not finding the prisoner they were satisfied and so informed the others and the assemblage soon dispersed.

The first report was to the effect that the child was in a critical condition and not expected to live but a telephone message to the Post stated that she is not in any serious danger, also that it is now stated that the brute did not successfully accomplish his desire. Excitement in Albermarle was high for a time and had the prisoner not been removed by the authorities there would in all probability have been a lynching.

William Barlow, formerly a widely known minstrel, probably was fatally wounded, and his wife was killed late Thursday night by an unidentified negro, who forced his way into the Barlow home at Agenta, a suburb of Little Rock, Ark., A posse has started in pursuit of the negro.

HIGH SCHOOL NOTES.

First Debate of Year at Literary Social Takes Place Next Saturday.

The program for the second regular meeting of the A. H. S. Literary Society has been posted, and it contains material for much thought and debate at the meeting which comes off next Saturday night. The first debate of the term is between the following persons: affirmative, Ashby Bladen and Tupper Barrett: and negative Miss Ailee Bladen and Elvin Brawner, the subject being on a phase of the great war which is now occupying the minds of the American people: "Resolved that Germany was justified in declaring war." Needless to say, it is expected to be of great interest. Declamations will be forthcoming at this meeting from Miss Ruth LeHew, Miss Carol Leadbeater and Thomas Wattles.

A considerable amount of business in expected to be transacted, also, concerning the Maroon and White, the school monthly, and the purchase of a Victrola for the school.

The literary work on the first issue of the Maroon and White comes to close tonight when the magazine goes to press, all except for the advertising campaign which will continue until the necessary amount is subscribed.

Today at Front Royal, Va., the Alexandria High eleven is battling the Randolph-Macon Academy team. The High School team is expected to return late tonight. The following men left Alexandria at eight o'clock this morning: Wenzel (captain), Schafer, Reardon, Byrne, G. Pohl, Curtin, Doniphan, Mullins, Mitchell, J. Duncan, W. Duncan, Hayes, Smith Haynes and Poss.

The regular monthly meeting of the Girl's Athletic Association was held Wednesday evening, with Miss Cora Pullman newly elected officer presiding.

With the advent of Mr. MacFall, the new High School teacher, the High School now ocupies all of the rooms on the first floor of the Lee building but one.

As was published in the Gazette Thursday, the High School football team was defeated by Western High, of Washington, Wednesday. The crowd which attended the game was pleasing to the school, and it is hoped that its games will continue to incite as much interest.

SUPPORT MINISTER.

Conference of Portsmouth Baptist Church Passes Strong Resolutions.

Portsmouth, Va., Oct. 10.—At the conference of Park View Baptist church Thursday high resolutions were passed pledging the support of the church to Rev. L. Judson Westfall. The resolutions are as follows:

Resolved. That we affirm our undying faith in the principle, first preached and suffered by our Baptist forefathers, of absolute "separation of church and state."

Resolved, further, that we ever consider it our duty as citizens, representing Christian ideals, to boldly denounce "wickedness in high places" even as our Savior did.

Therefore, be it resolved, That we do extend to Rev. L. Judson Westfall, our appreciation and sympathy in his great fight for morality and decency in our city government and we do hereby pledge him our moral and prayerful support, and call upon others to do the same.

Be it resolved, also, That in taking this action we yield to none our place as true friends to decent government, and do hereby declare ourselves to be co-partners with the law and laborers togethers with every worthy official who is trying to do right.

Done this 7th day of October, 1914 by order of the Park View Baptist church in conference assembled.

SEES NO WAR WITH JAPAN.

United States Country's Benefactor, Says Yutaka Minakuchi.

Baltimore, Oct. 10—That Japan will never go to war with the United States on her own initiative was declared last night by Yutaka Minakuchi, in a lecture on his native country at the Harlem Avenue Christian Church. He said that the United States was Japan's greatest creditor and benefactor, as well as its most profitable customer, and ridiculed Hobson and his following, who raised the cry of the yellow peril a few years ago.

The lecture on Japan's customs and arts was an intersting talk by a man thoroughly versed in his subject and the main auditorium was well filled.

KILLED BY MERCURY.

Marylander Swallows Poison Instead of Whiskey.

Ellicott City, Md. Oct. 10—Drinking a medicine containing bi-chloride of mercury, instead of liquor, James Hardy a well-known young farmer of Long Corner, Howard, county, died Wednesday night at his home. His uncle, John Murray, who in mistake proffered the fatal dose, is frantic at the outcome of his error, and is under the care of a physician.

Young Hardy met his uncle last Saturday as the latter was on the road from Mount Airy. Murray had purchased a bottle containing whisky and another filled with a medicine for a horse. He stopped his team and asked his nephew if he wanted a drink. The latter replied in the affirmative, and before he realized the mistake had swallowed a quantity of the poison.

In a few hours his flesh turned dark and he suffered intense agony death relieved his pain last night.

He leaves his widow and three children.

WOMEN DIVERS OFFER AID.

Would Clear Kiau-Chau Bay of German Mines for Japs.

Tokyo, Oct. 10.—A hundred women shell divers of Shima province offered their services to the navy to clear the mines from Kiau-Chau Bay. The offer was declined by the navy, as the law prohibits the employment of women in warlike operations.

These divers are accustomed to remain in the water for a long period Their idea was that, unseen by the enemy, they could dive for the mines near Kiau-Chau and remove them to the Japanese warships.
